

**International Photonics Training: A Case Study Summary:**

Authors: Sporea, et al

Proceedings of the Education and Training in Optics and Photonics (ETOP) Conference –  
Ottawa, Canada, June 2007

The paper reports the experience of an international collaboration in teacher professional development. Its impact on photonics education in Romania and the USA is analyzed, as the participant teacher shares her experiences with teachers and faculty in the “Introduction to Photonics” course and with those enrolled into the Romanian “Hands-on-Science” program.
